Portfolio & case studies: matthewkerr.dev · campaign write-ups with the spend and the arithmetic

PROFESSIONAL SUMMARY

Performance marketer who runs the campaigns and builds the tooling behind them. I have run Meta and Google Ads to a **4.08% conversion rate** and **$11,000+ in sales**, generated real-estate tour leads at a **$3.82 cost per lead**, roughly 4x below the ~$17 industry median for real-estate lead campaigns on Meta (WordStream, 2025), and cut cost per lead 30% between campaigns by diagnosing traffic cost rather than the offer. On the organic side I have grown an Instagram audience to **15,000 followers** and a product to **2,300+ monthly downloads** across 42 published models through SEO, social, email, and content, owning brand, landing pages, and analytics throughout. I also build the marketing tools I use rather than renting them, including **Docket**, an SEO auditing product that crawls a site and returns a graded, prioritized report across 99 checks, which I run on my own and clients' sites. Campaign write-ups with the spend and the arithmetic are at **matthewkerr.dev**. I build fast: Crisp had a first working version in about a week and its first sale in September, so I rarely wait on a vendor. Currently **Community Manager at KMG Prestige**, running a two-property portfolio (leasing, occupancy, resident relations, and LIHTC compliance), where I monitor performance data to prioritise outreach and own resident communications end to end. I have hired and managed small teams (fulfillment staff and renovation crews) and trained new hires in fast-paced service and EMS roles. Completing a **Bachelor of Arts (B.A.) in Business Administration** with a marketing concentration (expected 2027). Highly analytical, organized, deadline-driven, and a clear communicator, with an active Michigan Real Estate License.

AREAS OF EXPERTISE

Paid Media & Analytics: Google Analytics · PostHog · pixel tracking · Meta (Facebook/Instagram) Ads · Google Ads · A/B testing · conversion optimization

Digital Marketing Campaigns: SEO & SEM · technical SEO auditing · landing pages & conversion copy · Google Business Profile & local listings · email marketing · social media management

Build & Tools: self-built websites, landing pages & automations · property management software · CRM systems · Shopify · Google Analytics & Ads platforms · AI tools

Brand & Collateral: brand consistency across channels · marketing collateral · promotional & social content · campaign analysis & optimization

Team & Leadership: hiring · managing crews & contractors · training & onboarding new hires · leading by example

Leasing & Property: leasing · occupancy optimization · touring · resident engagement & events · LIHTC compliance · property operations · vendor coordination

PROFESSIONAL EXPERIENCE

Kerr & Company LLC | Founder

2021 – Present

Grand Rapids, MI

- Built **Docket**, a desktop **technical SEO auditing product**. Crawls a site and returns a graded, prioritized report across **99 checks in 13 areas**: indexing and crawl config, on-page markup, structured data, Core Web Vitals, local business signals, AI-search visibility, and analytics and ad-tag coverage. Exports to PDF, CSV and SARIF for client reporting.
- Building it meant codifying the SEO work itself: I audit my own and clients' sites with it and act on the findings; most recently taking builtbykerr.com from **89/B to 93.6/A**.
- Design, build, and ship AI software products and their marketing sites end-to-end: one product, Crisp, had a first working version in about a week and its first sale in September.
- Own the brand, landing pages, pricing, and collateral for software products, keeping brand consistent across channels.
- Grew one product to 2,300+ monthly downloads across 42 published models through SEO, social media, email, and content; published 42 open models.
- Grew organic search for Outlier from zero to **39,000+ Google impressions** and **270+ clicks** with no ad spend; clicks up 79% in the latest 28 days, and ChatGPT already sends people to it from its answers (Google Search Console and Plausible, May to Oct 2026).

- Run Meta lead-form campaigns advertising homes for tours with self-serve scheduling: 47 leads at a $3.82 cost per lead, roughly 4x below the ~$17 industry median for real-estate lead campaigns on Meta (WordStream, 2025). Cut cost per lead 30% between campaigns by diagnosing traffic cost rather than the offer.
- Built Kerr OS, a notarized macOS business application that runs the studio: pipeline, retainers, capacity modeling, uptime monitoring, and automated client reporting.
- Track and optimize performance with web analytics and conversion data to guide messaging, pricing, and campaigns.
- Own and manage a rental property end-to-end (leasing, rent collection, occupancy, and tenant relations), including a full renovation ($85K purchase / $30K rehab / $210K ARV) for which I hired and managed the contractor crew.

KMG Prestige | Community Manager Nov 2025 – Present

Grand Rapids, MI · managing a two-property portfolio

- Manage daily operations across a two-property portfolio: resident relations, leasing activity, rent collection, and compliance deadlines.
- Serve as a primary point of contact for residents; support resident communications and community events with a consistent, on-brand experience.
- Monitor occupancy, leasing, and operational performance in property management software, interpreting the data to inform decisions and prioritize outreach.
- Support leasing activity and resident touring across both properties.
- Conduct LIHTC income recertifications with strict documentation and compliance accuracy; coordinate vendors and maintenance to meet deadlines.

Redfin | Real Estate Associate Agent Jun – Nov 2025

Grand Rapids, MI

- Guided clients through property tours and transactions, applying leasing and touring best practices.
- Coordinated scheduling and client communication through an internal CRM with strong phone and email etiquette.

Life EMS | EMT Jun 2023 – Jun 2025

Grand Rapids, MI

- Communicated clearly and calmly with diverse individuals in high-pressure situations; maintained accurate, compliant documentation.
- Trained and onboarded new team members, modeling protocols and calm communication under pressure.

Fifth Third Bank | Customer Service Representative 2019 – 2020

Comstock Park, MI

- Ranked #1 CSR in West Michigan with $0 in losses for the year, a model for phone and email etiquette and service quality.
- Managed high call and email volume via CRM, consistently exceeding response and resolution metrics.

Street Outfitters | Owner, E-commerce & Digital Marketing 2018 – 2019

Online

- Built and ran a Shopify storefront end-to-end (branding, product listings, merchandising, and fulfillment), keeping brand consistent across all channels.
- Planned and managed paid advertising on Meta and Google Ads with pixel tracking and analytics, optimizing campaigns for conversion.
- Drove $11,113 in sales and 941 orders at a 4.08% online-store conversion rate, with Instagram generating roughly $7,516 from an audience I grew organically to 15,000 followers.
- Hired and managed a distribution and fulfillment team as order volume grew.
